STANFORD, LINCOLN COUNTY, KENTUCKY. TUESDAY, DECEMBER 10, 1913

TUESDAYS AND FRIDAYS

SENATORIAL COMMITTEE TO SETTLE CONTENTION

Anderson and Hamilton Leave Matter to Chairmen of District as to Which Shall Run.

Col. Clifton R. Anderson, of Boyle county, and Hon. James I. Hamilton, of Garrard county, have both announced their intention to run for the democratic nomination for State Senator, from this district, composed of the counties of Lincoln, Garrard, Boyle and Casey, were here yesterday in the interest of their candidacy. Some discussion has been indulged in through the press and by the people generally as to what county has the right under the rotation order to name the nominee, and when the above named gentlemen met here each one naturally contended that it was his county's time for the honor.

Finally they agreed to leave the matter to the senatorial committee of the district. This committee is composed of the chairmen of the several counties. Mr. Hamilton is chairman of Garrard, George L. Penny, of Stanford is chairman of the Lincoln county democratic committee, Chennault Hagans is head of the Boyle county organization and Charles Montgomery is chairman in Casey county.

Mr. Penny, by virtue of Lincoln having the largest delegated vote, is chairman of the district and will call the committee together. He has not yet made up his mind when or where he will call the meeting but it is generally believed that Stanford will be the place, as it is more nearly the central point of the district and is convenient to all parties interested.

In the meantime there will be some tall hustling by the candidates and their friends and the chairmen of the several counties will be very popular for the next few days. Inasmuch as Mr. Hamilton is chairman of his county committee, it is believed he will waive his right to cast a vote, and will put it up to the remaining three chairmen.

Casey Girl Suicides

Miss Octavia Godbey, the beautiful 17-year-old daughter of Mr. and Mrs. William Godbey, took her life early last Wednesday morning at her home near Humphrey, by discharging the contents of a shot gun in her body inflicting almost instant death. She left no note assigning her reason for the rash act, but it is generally accepted by her friends that it was a disappointment in a love affair.—Liberty News.

COUNTRY NEWSPAPERS LINING UP STRONG FOR BECKHAM.

Former Governor J. C. W. Beckham, Who Will Succeed Bradley Sure.

(Bowling Green Messenger.)
Ex-Gov. J. C. W. Beckham has formally announced his candidacy for the Democratic nomination for the United States Senate, which will be run out in the state primary next August.

Both Mr. Leigh, the editor of the Messenger and Judge Hines, the business manager, served with Gov. Beckham during his entire term, and this is written after a consultation and expresses the views of both.

Governor Beckham ought to be sent to the United States Senate. We know him to be honest, capable, clean and efficient. He was swindled out of the place when four renegades, claiming to be democrats, voted for Bradley, instead of the nominee. On some point Judge Hines and Mr. Leigh have disagreed with Gov. Beckham, but these differences are not of a character to reflect on his honesty, nor will they ever become issues in the United States Senate, being related only to state politics.

Crepes Beckham was not an accident. He was born to rule. At the earliest age that man is eligible, he was elected to the legislature. Here he was not conspicuous, but every colleague knew his worth. He could have gone to congress at twenty-five years for his loyalty to a friend, who was a candidate. He was speaker of the house at twenty-eight. He was elected lieutenant governor at thirty. He was made governor by the final assassination of Gov. William Goebel a few months thereafter.

He found a party rent in twain by internal dissensions. For a year never a republic can darkness the doors of the executive of Kentucky. Many alleged democrats called him a usurper. He kept in the middle of the road and by his wise management he beat the most prominent republican in the state in the race for the unexpired term.

There are those who say he built up a machine. In some cases a machine is necessary. When a party is disorganized and broken to pieces, it is necessary for a guiding hand to keep it from falling over the precipice. Gov. Beckham found such a condition. Whether he always did the right thing is not proper here to discuss. He did what he thought was right with the lights before him.

The democrats of Kentucky owe it to him. He is the foremost Kentuckian alive today. He is ahead of the principles that are to be fought out by the American congress. He is capable of getting into this battle for human rights.

Believing so, the Messenger has no hesitations in commending the candidacy of John Crepes Beckham to the democrats of Kentucky.

(Richmond Times.)
Ex-Gov. J. C. W. Beckham has announced for the democratic nomination for U. S. Senator in succeeding Governor Bradley. As the ex-governor was cheated, or rather sold, out of the office before, it would be very fitting and just that he be elected this time. A great many of our Kentucky exchanges had announced for Mr. Beckham long before he had announced for this office.

How to Succeed

During the last few years, conditions in all lines of business, every professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well. So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years we have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it, free of cost, before purchasing.

It is a physician's prescription. They have on file thousands of letters received from former sufferers who are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper. They will gladly forward you a sample bottle by mail absolutely free.

Regular sizes for sale at all druggists—50 cents and \$1. (Adv)
